

Make creating your StoryWalk layouts easier with StoryWalk BackerSheets. This thin, durable plastic allows you to tape your StoryWalk images in place indoors, before bringing them out to install in the frames.

Cut to size and thin enough to be sandwich between the two sheets of acrylic and still fit comfortably into Barking Dog Exhibits' StoryWalk frames.

Consider getting an extra set so your frames are never left empty!

Technical Specs

Size: 17.75"x23.75" (fits into an 18"x24" StoryWalk frame)

Thickness: .023"

Material: Semi-Rigid Polyolefin

Taking Care of Your BackerSheets

Waterproof and tear resistant, these BackerSheets are easy to clean with dish soap and warm water. (Harsher chemicals should be avoided as they can cause the BackerSheets finish to dull.)

While StoryWalk BackerSheets are colored throughout the plastic, they may fade overtime depending on sun exposure.* For this reason, we recommend placing your story book pages in the same location each time. You can flip your BackerSheets over to double their lifespan.

*Orange and Red BackerSheets tend to fade more quickly than other colors.
